

ZHUANG Wei

Mobile: +44 7579752923 | E-mail: wei.zhuang@manchester.ac.uk

ORCID: <https://orcid.org/0000-0002-6992-4039> Website: <http://weizhuang.net>

Address: Humanities Bridgeford Street, University of Manchester M15 6AD

EDUCATION

The University of Manchester

Doctor of Philosophy in Social Statistics (09/2022 – Thesis Submission Expected 09/2026)

Supervisors: Prof. Mark Elliot, Prof. Colette Fagan, Dr Kathrin Morosow

Funded by ESRC North West Social Science Doctoral Training Partnership (NWSSDTP)

The University of Manchester

Master of Science in Social Research Methods and Statistics (09/2021 – 09/2022)

Distinction

Goldsmiths, University of London

Master of Science in User Experience Engineering (09/2020 – 09/2021)

Distinction

Hong Kong Baptist University

Bachelor of Communication in Media Arts and Design (09/2016 – 06/2020)

2.1 degree / First Class Scholarship

RESEARCH EXPERIENCE

Research Assistant (12/2025 – 12/2026)

Project: GenTime (Gender inequality in time use across East Asian and Western societies)

Principal Investigator: Prof. Man-Yee Kan, University of Oxford

Funded by the European Research Council as part of the Horizon 2020 programme (award number 771736).

Research Assistant (08/2024 – 08/2026)

Project: PIECE (Parental Involvement & its Effects on Children's Education)

Principal Investigator: Dr Helen Norman, University of Leeds

Funded by Leeds University Business School's Small Research Grant, ESRC Secondary Data Analysis Initiative

Responsibilities: Collaborated with UK organisations focused on parenting, fatherhood and work-family policy, including Parentkind, the Fatherhood Institute and Working Families; conducted data cleaning and statistical analysis; and drafted findings for academic and public dissemination.

Key Outputs: Authored media blog posts and reports for non-academic audiences; contributed to an ongoing peer-reviewed journal article.

Visiting Researcher (02/2025 – 03/2025)

Project: COORDINATE/Generations and Gender Programme (GGP)

Institution: Netherlands Interdisciplinary Demographic Institute (NIDI)

Funded by the European Union's Horizon 2020 research and innovation programme

TEACHING EXPERIENCE

Teaching Assistant (09/2023 – 01/2026)

Courses: Undergraduate – SOST20131 Answering Social Research Questions with Statistical Models; Postgraduate – DATA70121 Statistics and Machine Learning, SOST70033 Data Science Modelling.

Responsibilities: Assisted in workshops, practical sessions on R and Python, tutorials on statistics, and assignment grading.

Working papers

Gendered Daily Time-Use Rhythms and Subjective Time Pressure among Working Adults in the UK, 2016 to 2023

The Social Stratification in Generative Artificial Intelligence Literacy, Use Frequency, and Workplace Acceptance in 11 European countries

The Gendered Linguistic Geometry of Everyday Spaces in American English Discourse, 1900–2009 Domain-Conditional Feminisation and the Asymmetric Emergence of Private Vocabulary

Conference Presentations

7th International Conference on Social Computing 2026 (Oral presentation) – a) “The Gendered Linguistic Geometry of Everyday Spaces in American English Discourse, 1900–2009 Domain-Conditional Feminisation and the Asymmetric Emergence of Private Vocabulary”; b) The Social Stratification in Generative Artificial Intelligence Literacy, Use Frequency, and Workplace Acceptance in 11 European countries

Work and Family Researchers Network Conference 2026 (Oral presentation) – “Mapping Couples’ Daily Rhythms: A Multi-Channel Sequence Analysis of Time Use in UK Dual-Earner Couples”

BSA Annual Conference 2025: Social Transformations (Oral presentation) – a) ‘The Division of Labour and Couple Pay Gap Across Four Phases of Parenthood: Evidence from UK Couples’; b) ‘Dads and school involvement: could do better?’

46th IATUR Conference 2024 (Oral presentation) – ‘Quantity or Quality of Time Use: What Matters More in Shaping the Perception of Time Pressure among Employed Parents and Non-Parents in the UK?’

BSA Work, Employment & Society Conference 2023 (Oral presentation) - ‘Can homeworkers have more stable work schedules? A time-use approach to measure work schedule instability’

SERVICE TO THE DISCIPLINE

Peer reviewer of *Humanities & Social Sciences Communications*; *Social Indicators Research*; *Applied Research in Quality of Life*.

TECHNICAL SKILLS

Proficient in data analysis using Stata, R, and Python

Statistics: Longitudinal data analysis, Multilevel modelling, Structural equations modelling, Multi-channel sequence analysis, Survival analysis, Latent growth curve, Complex survey design, Multiple imputation, Principal component analysis, Multivariate imputation by chained equations, etc.

NON-ACADEMIC PROFESSIONAL EXPERIENCE

Tencent Computer System Co. Ltd., Shenzhen, China (06/2019 - 08/2019)

Intern in Corporate Development Group (CDG), Platform Product Design Team

Worked on UI/UX design for e-commerce management platforms and advertisement placement systems.

Tencent Computer System Co. Ltd., Shenzhen, China (01/2019 - 03/2019)

Intern in the Group Marketing Department

In charge of the VI design of marketing plans in the marketing department.
